**Discovering Christ at St. Louis**

Many people are searching for meaning in life, which ultimately they will only be able to find in Christ. We are called as Catholics to share our faith with others, and this Fall we are preparing to do that with renewed vigor.

“Discovering Christ” is the first part of the ChristLife evangelization process, which is designed to help people form or deepen their relationship with Christ, whether they be cradle Catholics or lifelong atheists. This seven-week experience has been used in over 600 parishes in 76 dioceses. It is a proven method of evangelization and outreach, and parishes have experienced transformation and new vibrancy through it. Discovering Christ provides the welcoming and loving atmosphere in which people can feel comfortable discussing their faith, or their questions about faith, with others.

If seeing people form a relationship with Christ is something you want to support, or if you’ve felt the need for that relationship yourself, you can register for Discovering Christ on our parish website, or in-person at the Ministry Center. The seven sessions are scheduled on Thursday evenings from 6:15pm to 8:45pm (beginning with a free dinner!) from October 6th through the week before Thanksgiving (so the last session is Thursday, November 17th). There will also be a daylong retreat on Saturday, November 5th from 10am to 4pm.

I have no doubt that your own faith will benefit from the small group discussions, and even your questions and struggles will contribute and be of help to others. The goal in running this 'pilot program' is to have people experience Discovering Christ so that they can later serve as a team who will be able to facilitate another Discovering Christ course in early 2017. The idea is that we will reach out especially to our "Christmas & Easter" crowd during their coming annual visit. And the more people who have experienced Discovering Christ, the more people we'll have who can earnestly recommend it to their families and friends!

If you want to better understand the vision of Discovering Christ and hear firsthand accounts of what it has accomplished in parishes throughout the country, I invite you to visit our website to find out more, including how you can join some of your fellow parishioners at an upcoming training conference in Syracuse on September 23rd and 24th. I attended one of these conferences last summer and it convinced me that Discovering Christ is an effective program that leads people to a point of conversion. If you think you might like to help with this work of evangelization in any way beyond simply being present for the course and listening to the teachings, this will be well worth your while, even if you can only go to one of the two days' sessions.

Above all, please pray for the success of Discovering Christ at St. Louis! God bless, Fr. Peter

Sunday Communion Service - September 25
The Highlands - Mary Ann Monley   Heather Heights - Richard Caruso
Building Community

As you know, we often prepare for celebrating the Mass together here at St. Louis by welcoming visitors, introducing ourselves, and greeting those around us. Sometimes in the Prayer of the Faithful we are invited to pray for a person standing near us. Let’s add one more. Think about asking someone near you before Mass, "When I pray for you, is there any particular thing you would like me to pray for?" Consider too letting someone nearby know what concern is in your heart, so that they can add their prayer to yours. Now that’s community!

This week’s collection is for the Catholic Campaign for Human Development. CCHD, founded by the U.S. Catholic bishops to address policies and structures that perpetuate poverty, brings Catholic social teaching to life by funding community and economic development programs across the U.S. that help poor and marginalized people join together to make decisions, seek solutions to local problems, and find ways to improve their lives and neighborhoods. CCHD provides educational opportunities for Catholics to learn about poverty, stand in solidarity with those affected by it, and reflect on their own responsibility before the great need of others.

Serving God and God's people is the heart of every priestly vocation. The details often vary, as you will see in this E-mail from Fr. Protus Hamisi, who served at St. Louis while attending St. John Fisher. Next week's tithing will help father get a much needed car for his ministry.

EMAIL SENT FROM FATHER HAMISI on May 26, 2016: Jambo, Thanks for your e-mail and for the great stories about Mautuma children that you shared with the students of St. Louis in Pittsford. I'm equally glad that this was received with a lot of enthusiasm. Good job!

Now about my aging car information: I bought this car in 2005, meaning that it is now 11 years old. It has put on a mileage of over 445,000 Kilometers- (278,125 miles); To be safe, I have established that I will require about $8000 (US money) to cover for recently increased value added taxes on cars by the government to meet its deficit in the budget.

Benefits of having a car: Pastoral reasons, a car is essential in reaching out to thousands of parishioners whom I serve. The parish is divided into 8 mission or sub-parish churches. This is due to the huge population that cannot fit in the main parish church and also because of distance; many parishioners stay far from the main church. Majority walk on foot up to 5 miles to come for Mass. That is why we have the mission churches for a priest to drive there to serve the parishioners, especially the children and aged and physically challenged. Each out station or sub-Parish has an average of 200 families.

I also use the car to take sacraments - Communion for the sick, Anointing of the sick to the needy parishioners in their homes which are far from the Parish House. Sometimes I have had to carry some of these sick to the Mission Hospital for treatment. We take Funeral Masses to the homes of the deceased because many people cannot afford vehicles to transport their loved ones remains to church. I need a car to reach these homes. In a week we have an average of 4 funerals because of the huge population and also due to HIV/AIDS epidemic. School Masses and visits: I take Masses and religious instruction to the schools within the parish - over 25 schools and a few colleges. Finally as Communication Director I have to drive once in a week to the Diocesan offices and whenever I am required. Sometimes I have to drive outside the Diocese for Communication seminars and workshops at national level and meetings with government officials. I also drive to St. Louis School (Sister School) in Mautuma to participate in some of their programs as I watch over their progress and needs, etc. Our roads are not good - majority are dirt roads with pot holes, gullies and pools of water especially during the rainy season. The terrain is not friendly to cars and this really wears down cars easily and adds on heavy expenditure on maintenance. By the way, at the moment my car is off the road. It veered off the road into a ditch during a heavy down pour on a dirt road and the result was broken windshield and passenger's door.

Thanks again for the extra mile you go in participating in creating an enabling environment for me to better serve the people here, especially the children here in Kenya. I pray that the mission to enable me have a newer means of transport to reach more people that require my services succeeds. Mirembe, Hamisi.
**Bad Business**

The Hebrew prophets whose oracles are preserved in the Old Testament often spoke eloquently of God’s love and mercy, but they also decried human injustice. High on the list of abuses they prophesied against were those in the economic sphere; injustices that hurt the workers and the poor and needy. What did Amos mean about diminishing the ephah and adding to the shekel? It’s something that still happens today. We don’t have ephahs, but we have ounces. Reduce the amount of a product in the box, and add to the price (especially in a way people won’t notice). Amos is even more vivid in describing how those at the top treated those at the bottom of the economic ladder.

“You who trample the needy and destroy the poor of the land...buying the lowly for silver and the poor for a pair of sandals...”

The Lord … will never forget a thing they have done, Amos warns. His goal – let folks know, God expects justice from those living the covenant.

**Fitting In**

While Christians did experience persecution in the 1st century, it was often not consistent, nor universal. As a result, there are a variety of attitudes reflected in the New Testament regarding civil authority in general, and the Roman Empire in particular. The author of the Book of Revelation sees the Roman Empire as evil incarnate. John and the community he was writing for experienced terrible persecution. He would certainly never ask folks to pray for the Roman occupiers. However, the Gospel of Luke, and the Pastoral Epistles, like Timothy have a much different perspective. Each believes it is possible to live in peace within the empire. Each wants the Christian community to not look like a threat to the ruling authorities, but to instead be seen as peaceful, law abiding citizens, thus preventing persecution. Hence in our reading today, Paul advocates praying for those in authority, and striving to live in a peaceful co-existence with non-believers. The idea of praying for those in authority has perdured … in the examples of prayers of the faithful in the Missal, the first intention is for leaders of the church, the second, for civil leaders. Part of the logic as well – both groups have heavy responsibilities, and thus need prayer to discharge them well.

**What’s It Worth?**

Today’s parable often causes real confusion. Why is a person who was a bad manager, and then seems to try to pull a fast one praised? Remember, parables are generally constructed to make one key point, and often the details are unexpected. In this case, the manager is NOT being praised for squandering property, or fudging the bills. He is being praised for quick thinking in a crisis, and for not seeing money as a value in itself, but as a tool that will win him relationships that he can count on in the future. A key sentence: *I tell you, make friends for yourselves with dishonest wealth, so that when it fails, you will be welcomed into eternal dwellings.* Several prayers and blessings in the missal invite the people being blessed to be generous to the poor and needy, so that the poor and needy will be the ones to welcome us into the kingdom of heaven. A great counterpoint to what Amos has to say today!

Sacraments: FAQ’s

Q: Where can I find the calendar/dates/times for First Penance & First Eucharist Preparation?

A: In an effort to sync our calendar with the Public and Private school calendars, we wait until late Fall to provide specific dates/times, hoping to reduce conflicts – as 100% attendance is required at the preparation sessions. Generally, First Penance takes place in the winter of 2017, (January Kick-Off), and preparation for First Eucharist follows, in late February/early March. Celebration of First Eucharist takes place in late April/early May. More detailed information can be found on our website, under the link Sacraments: What You Need to Know. Specific dates will be e-mailed to all families, and published in the bulletin as soon as they are available.
Dear Parishioners: Each time we asked, sought and knocked, you answered our prayers. We succeed because of your continuous care and generosity.

The number of refugees has continued to increase and we are challenged to accommodate furnishings for their homes and clothing for parents and children. We will be requesting certain items in the ensuing months.

School has started. Winter will soon arrive. Our immediate need for donations of these items is most appreciated:

**Men's winter hats and gloves**

**Women's winter hats and gloves**

God bless all the Parishioners of St. Louis!

Baptismal Preparation

Next Sunday, Sept 25th after the 11:15AM Mass we will be having Baptismal Preparation for parents planning for their infant’s baptism. Expectant parents are also welcome to come for the session. We will begin in the choir area of the church at 12:25PM. Our baptismal preparation process includes two major components: one of these sessions, which we offer every four to eight weeks, and a home visit by Fr. Bob, or Fr. Peter, or Deacon Dave and Barbara. We look forward to seeing you then!

I’m Curious

- I’ve been coming to Mass for a while now, and I’m thinking it would be good to know more about the Catholic Church.
- I’ve been coming for years, and never took the step of actually becoming Catholic. How would that happen?
- I’ve never been baptized, but something is drawing me to the church.
- My parents had me baptized Catholic, but then our family fell away from the church. I’ve never even received first communion. How do I connect?

For these, or any other similar questions, join us next Sunday, September 25th in the Manse Meeting Room at 10:10AM after the 9:00AM Mass for an Inquiry session. Just like it sounds, it will be a chance to ask all kinds of questions, or even begin the process of becoming a fully initiated Catholic. We look forward to welcoming you and your questions!
